AMERICAN DREAM CARS AND BIKES

THE GOLDEN YEARS

YOUR EVENT AT AMERICAN DREAM CARS AND BIKES

Everything was possible on the America scene of the '50s and '60s. And this also brought about the fabled cars that crisscrossed the continent from East to West, on Route 66, on Hollywood Boulevard, on the avenues of Las Vegas...

The "American Dream Cars and Bikes, the Golden Years" exhibition at Autoworld will relive that American automobile era in all its splendour, when constructors rivalled for imagination and at times... eccentricity. One just needs to look back on those super powerful machines, with their chrome finish and their coloured fins, such as the Cadillac Eldorado, the Chevrolet Corvette... not forgetting those "muscle-cars" and the iconic Ford Mustang.

As with all of Autoworld's major exhibitions, it would not be complete without the latest supercars that fascinate all enthusiasts of spectacular cars, all the more so since the American automotive industry is renewing with past excesses, as can be appreciated with the Dodge Viper, the Ford Mustang, the new Corvette or the Chevrolet Camaro.

AN EXCLUSIVE EVENT

The American Dream Cars and Bikes exhibition at Autoworld is opening its doors for your events. A perfect opportunity to invite your customers, partners, employees and their families to an exclusive exhibition.

Seized with emotion, your guests will be close to exceptional cars never presented together so far.
